Yorkville Sound Debuts Deepest Elite Subwoofer at NAMM 2019

TORONTO, ON (December 10, 2018)– Yorkville Sound expands the Elite family of powered speakers by introducing the ES21P, the most powerful sub in the Elite family. The ES21P will make its debut at the 2019 Winter NAMM show.

The ES21P is a 21- inch active subwoofer that dials up the watts to produce an astonishing amount of low-end output. Adding to Elite's existing line of 12, 15 and 18 inch subwoofers, the ES21P is an accessible solution for demanding club and concert settings. The ES21P is easily integrated into virtually any medium to large scale PA needing additional bottom end support.

The ES21P will be exhibited at the Yorkville Sound Winter NAMM Booth #17305
