

PS15P

15-INCH POWERED LOUDSPEAKER

Overview

Designed for maximum versatility, the PS15P works equally well as a Front-of House cabinet, side fill cabinet or floor monitor. Innovative and highly efficient passive cooling scheme ensures the PS15P will operate in any environment without need of noisy internal dust collecting fans. Integrated reinforced flypoints ensure the PS15P can be flown quickly and easily in any fixed installation.

Integrated DSP ensures the PS15P can operate in any application without complex external processing. A simple one-button high pass filter switch rolls off low frequency material when PS15P is used with any Paralane Series or powered élite System subwoofer.

Features

- 4400 Watts (Peak) 1400 Watts (Program)
- 15-inch woofer with 3-inch voice coil
- 38mm compression driver with 1-inch exit
- 85° x 50° HF dispersion
- Integrated 2 channel mixer
- Lightweight ABS cabinet construction
- Multiband limiting
- Made in Canada

Specifications

System Type	2-way
Powered or Passive	Powered
Program Power (watts)	4400 watts peak 1400 watts program
Max SPL (dB)	134dB continuous
Frequency Response (Hz +/- 3dB)	45 - 26k (Hz +/-3dB)
Crossover Frequency (Hz)	1.0kHz
LF Woofer	15"
HF Driver(s)	38mm Compression Driver with 1" Exit
HF Dispersion (°H x °V)	85° x 50°
Power Cable	Yes (Detachable IEC)
Mixer Controls	Sub Mode HPF, Bass Boost, Mixer Enable
Level Controls	Master Level, Mic Level, Line Level
EQ Controls	Pushbutton select, Concert, Club, w/Sub
Inputs	2 x XLR, 2 x 1/4"
Other Features	Sub In/Out, Mixer In/Out Stereo/Mono Out
